# *Editorial*

There is a good feeling in being able to put back write-ups of the various student activities. Enrollment has increased, bringing with it the need for relaxation and enjoyment. Empty studios are being dusted and used as the pendulum starts on its swing forward.

My appreciation and thanks to all those who through their help and advice have made possible the preparation of this handbook.

# *The Student Association*

The present Student Association was organized in 1922 on a plan presented to the school by the principal, Mr. Royal B. Farnum. While it is not precisely a student government, the Association has many of the functions of such an organization and is an integral factor in student life. It is primarily an agency for the promotion and supervision of social life and extra-curricular activities, and it has sole control of the financial affairs involved in student enterprises.

The political structure of the Association consists of two inter-related units: the Council of the whole and the Advisory Board. The Council of the whole is the entire membership of the Association, which includes every student in the school. The legislative power is vested in this Council, and it must pass on all amendments to the Association's constitution and may make decisions on important questions affecting

the policy of the Association. The executive power is possessed by the Advisory Board. This Board includes the Association officers, the class presidents, the heads of the various student organizations, and a faculty committee. It has the general direction of all student activities.

One of the most important duties of the Association is the administration of finances for the various school organizations. The funds received annually from the collection of membership fees are budgeted among the different classes and clubs. Each organization is credited with a specified sum and its expenses are paid from this amount by the Association treasurer as requested by the organization's treasurer. This method centralizes responsibility and simplifies business relations between school organizations and outside concerns.

## BRUSHOFF

The school is proud of the young men and women in service, and to show but a small measure of our feelings, we write, cartoon, mimeograph and mail a monthly paper which we call The Brushoff. All work is done by the student staff under the advisorship of two faculty members, Miss Julia Sheehan and Mr. Leo O'Donnell. News . . . parties . . . correct service addresses are a few of the special features included in the issues. In this way we hope to bring a bit of our school to our service men and women in many parts of the world.

## **GLEE CLUB**

The Massachusetts School of Art has resumed its musical activity in the form of a girls' Glee Club. The organized group for '44-'45 has fifty members who are making plans for assemblies and special programs. Popular and Semi-Classical music is being sung.
